

Lisa has been the school psychologist for BCKSEI since January 2008. Prior to that, she worked in Seneca for seven years as the school psych for the Marshall-Nemaha Coop. She does not miss the daily drive to Seneca. Lisa has a BA in psychology from Kansas State University, a MS in Clinical Psychology from Fort Hays State University, and an Ed.S. from Emporia State University. Lisa worked as a therapist for Kanza Mental Health for almost 5 years after completing graduate school. She changed from the clinical setting to the school setting to have more time to spend with her children. Lisa and her husband of 16 years, Lonny, have 4 children. They are Ethan (11), Josie (8), Bailey (4), and Maggie (2). They keep the Pierce home hopping. Lonny is a construction superintendent for AHRS Construction. Lisa is originally from a family of 10 kids from Bern, KS. She enjoys not being too far from home and no she does not plan to have 10 children of her own! As school psychologist, Lisa serves all the school buildings in our Interlocal. Her favorite part of her job is working with the students and staff to find creative ways to meet the needs of all students. Her hobbies include running, reading, and having fun with her family.
