The number of teachers needed to implement the district's educational program will then be determined by the administrative staff based on those educational goals in determining which teachers will be nonrenewed due to reduction in force.

The educational goals and needs of the district, individual certifications, qualifications, training, skills, evaluations, and interests shall be considered.

If all of the teachers in the area identified for reduction have similar certifications, qualifications, training, skills, evaluations and interests, the teacher(s) who best meets the needs of the district, considering the factors outlined above and any other relevant factors, will be retained.

Any certified employee who has not been reemployed as a result of reduction of the teaching staff shall be considered for reemployment if a vacancy exists for which the teacher would qualify. Certified employees who may be eligible for reemployment are required to notify the district of their current address. The superintendent will recommend to the board reinstatement of any teacher he/she deems qualified and able to serve the best interests of the district. The board shall not be required to consider reinstatement of any teacher after a period of one year from the date of nonrenewal.

Approved: KASB Recommendation – 2/98; 4/07; 6/14

ARTICLE XV – SCHEDULING WORKDAYS

Each teacher shall be provided one workday per semester. The Director of Special Education shall be responsible for scheduling said workday.

ARTICLE XVI – RELEASE FROM CONTRACT

Teachers are sometimes offered positions in other school systems which may provide professional advancement and may cause a teacher to ask to be released from a contract in the local school. If a suitable replacement can be found and it is felt that the educational program of the schools will not be impaired, a teacher may be released from the obligation of a contract.

Should a certified employee who is in the fourth year of employment with BCKSEI request release prior to May 1 for the upcoming contract year, he/she will receive a \$500 lump sum payment."

ARTICLE XVII – PROFESSIONAL DAY

- A. The length of the teacher workday will be 8 hours (including lunch) as determined and scheduled by the Board of Education. The workday may be extended by the Board of Education for parent/teacher conferences, open house, and faculty meetings called by the administration. Faculty meetings shall not begin prior to 7:00 a.m. and shall not end no later than 5:00 p.m.
- B. Each teacher shall receive a planning time period which shall:
 - 1. Be consistent with the regular education classroom teachers within the buildings they serve.
 - 2. Be a minimum of two hundred (200) minutes per week, not necessarily used consecutively.
- C. Loss of Planning Time
 - 1. When a teacher is required by the Director of Special Education to forfeit their planning period to fulfill another special education teacher's duties on a short-term basis; i.e. one day or other short-term assignment, they will be paid \$15.00 per hour, paid proportionate to the nearest hour per period lost.
 - 2. When a teacher is required by the Director of Special Education to forfeit their planning period for an extended period of time; i.e., for a full quarter, or longer, they will be reimbursed 1/7 (one-seventh) of their annual salary as proportionate to the amount of time lost.
- D. Teachers will be provided a duty-free lunch period equal to the amount scheduled for individual students in that building, except for deviation in case of emergency.

ARTICLE XVIII – ASSOCIATION RIGHTS

1. The BCK-SEI Teachers' Association may use the BCK-SEI building and facilities to conduct official business or have social functions providing the function and meeting meet all of the stipulations set forth by BCK-SEI regulations.
2. The BCK-SEI Teachers' Association may use BCK-SEI equipment to complete official association business in accordance with state law, which may include use of the copier, computer, Internet, e-mail, fax machine, etc.
3. The BCK-SEI Teachers' Association may have the privilege of using the BCK-SEI mailboxes and bulletin boards in the BCK-SEI buildings to communicate with its members.

ARTICLE XIX – POLITICAL OFFICE LEAVE OF ABSENCE

Teachers may seek elections and may hold political offices, which do not interfere with the performance of their responsibilities to the school system. However, before deciding to seek office, which would interfere with performance of the duties of the teacher for the position which they are under contract to perform they must reach an agreement with the school board on matters of salary, time to be away from duty, and all other matters relating to interference with the performance of regular duties. Each such matter will be considered by the Board of Education on an individual basis – as to whether or not the request to participate in political matters will be granted. The teacher reimburses the Interlocal for the cost of the substitute teacher for time missed from school.

ARTICLE XXI – EMPLOYMENT RELATED ASSAULT

An educator who has suffered an assault and/or battery, connected directly with his/her employment, where such event occurs in school, on school grounds, or while the educator is engaged in duties at scheduled school activity, shall, to the extent physically able, within one week of the event, make a written report of the event to his/her building principal or his/her secretary, the Director of Special Education or Clerk of the Board, and to the proper law enforcement agency or agencies. All illegal acts, including assault and/or battery, must be reported to law enforcement.

Whenever an educator is absent from his/her Interlocal responsibilities as a result of personal injury caused by an assault and/or battery, as described above, and the Board finds that the educator used reasonable judgment, he/she shall be paid full salary, less any disability benefits provided by the Board; such absence shall not be charged to the educator's sick leave, provided that:

- (1) the Board or its designee shall determine that the educator has used reasonable judgment in the incident.
- (2) a report has already been filed with the appropriate law enforcement agency; and,
- (3) the Board may require medical reports to verify the disability.
